ANNUAL REPORT E.S.V.D. No. 9, DECEMBER 1994

EDITOR: Pauline E. McNeil, BVMS, Ph.D., M.R.C.V.S., Glasgow, Scotland

EDITOR'S REMARKS

Welcome to the 9th Annual Report of the ESVD. This year's format is slightly different being more of a formal account and less of a magazine in the hope that this will mean less overlap with the Bulletin. As a result, this is probably the last year that news from the national organisations will be included - many thanks to those who contributed! Similar accounts are already appearing in the Bulletin which is intended to be a quarterly publication and the main forum for discussion between members.

For the first time we are including telephone and fax numbers with the full list of members. This has been compiled from lists provided by the previous and current membership secretaries and the phone/fax numbers have been added separately. N.B. The British numbers are changing on 16th April 1995, the new numbers are listed and can be used now as an alternative to the old numbers. Please check all your details carefully,

especially the phone and fax numbers and notify any corrections or alterations to the current membership secretary Margreet Vroom - you can use the tear off section at the end of the membership application form.

In addition, following requests at the Annual General Meeting at Aalborg, it was agreed to once again produce a list of publications related to veterinary dermatology. This Report therefore contains listings for both 1992 and 1993 derived primarily from MEDLINE with some additions from the VET and BEAST cd-rom databases. This proved to be a major task and to reduce the numbers to manageable proportions, all abstracts and letters and the large volume of farmed fish literature has been arbitrarily excluded. Undoubtedly there will be some errors and inadvertant omissions but I have tried to keep these to a minimum!

Pauline E McNeil

US Bank Account **USD 751.98**

INCOME

Membership Fees:

The number of paying members for 1993 is only 236, 40% of our members are not paying the membership fee. It's amazing isn't it!! Please do not forget to pay your membership fee. For US and overseas members, payment in USD (\$) is possible at the rate of 50 XEU = 65\$ or 90 XEU = 120\$. Please send your payment to Thierry Olivry,

Comments on VET DERM Subscription:

In 1993 the Vet Derm subscriptions are covering the Vet Derm costs. This fact allows us to offer a reduced membership fee for next year (1995) which includes Vet Derm subscription as was decided at the Annual General Meeting in Aalborg. The listing and addresses of subscribers has been reviewed and sent to Pergamon Press Ltd.

Comments on Sponsoring:

The sponsoring rate is very low. The only sponsor for 1993 (XEU 1193,81) is from Hill's Pet products. The board must seek improved sponsoring.

Comment on Miscellaneous:

This is mostly the registration for the ESVD Clin Path course at Lyon which was cancelled.

Proceeds:

The proceeds from Aalborg are very important and we must thank our representatives from Denmark (Kristian Pedersen & Wilfred Goecke) for the wonderful work they did. The proceeds from Berlin are very low; only a small number of people attended the meeting.

EXPENSES

Meeting and Travel Expenses:

These expenses represent three board meetings: Hatfield Oct '92, Paris May '93, Aalborg Aug '93.

Bank Charges:

This budgetary item is increasing this year because there are more payments (fees and subscriptions). We pay approximately XEU 6 for each Eurocheque deposited. We recommend payment by Bank Transfer if possible.

Miscellaneous:

Reimbursement of the Lyon course; reimbursement of material from Montreal and Rome.

Aalborg:

We honoured the founding members at the Annual Meeting in Aalborg.

Bordeaux, Utrecht:

This money (XEU 5,133.49) is only an advance for the local organisers; they will have to reimburse this money - it is not real expenditure!

GENERAL COMMENTS

The profit for the year is XEU 21,916 (+5,133 XEU = 27,049 XEU). The whole of this profit is from the Aalborg congress.
i.e. with membership fees alone we would have a zero balance

Next year, the membership fee will cover both ESVD fee and the subscription to Vet Derm, at a lower price than at present: XEU 90 (by bank transfer), XEU 100 (by Eurocheque). In other words, every ESVD member will receive Vet Derm and pay less money.

The Board decided on this change because:

- more than 90% of members were paying for both
- it will be easier for Pergamon to send each issue to all members
- it is more attractive to new members

We know that some members receive Vet Derm directly (ACVD members, consulting editor). These particular members will pay only XEU 50 (bank transfer) or XEU 60 (Eurocheque).

NEWS FROM THE NATIONAL ORGANISATIONS

DENMARK

After the 10th ESVD Annual Congress, activities in Denmark have been low energy! At the annual general assembly in October 1993, Wilfried Goecke and Kristian Pedersen left the board of the society. A new board was elected. It was composed of Kim Anjaer Hansen as President, John C. Dee as Treasurer and Per S. Henrikson and Peter Palshof as board members.

The next major event arranged by the society is a three day seminar covering canine, feline and equine dermatology. Final arrangements are still to be made with the speakers, but if everything proceeds as hoped for, the seminar will be held in September 1995. If anyone is interested, further information can be obtained by contacting Kristian Pedersen, Aalborg Animal Hospital, Fredrikstafvej, DK-9200 Aalborg, SV.

On 2nd December 1994 the Danish Veterinary Association is arranging a one day seminar on equine dermatology with Stephen D. White as speaker.

Kristian Pedersen

FRANCE

In 1994 the annual meeting of the GEDAC (French Dermatology Study Group) was organised in conjunction with the 11th Annual Congress of ESVD in Bordeaux (2-3 June). It was attended by 250 delegates from 18 countries! The scientific programme was wonderful and included a significant Continuing Education Programme with topics including canine atopic dermatitis, equine dermatology, aspects of therapeutics and practical histopathology. The specialised programme provided information on advances in important fields of Veterinary Dermatology - Allergy, Immunology, Alopecia, Skin infection, human dermatology, cutaneous oncology. The social programme was fantastic with the Gala dinner in a Château in the Médoc on Saturday evening, and the coffee breaks - à la Bordelaise with wine, oysters, cannelés. Thank you very much Didier Carlotti for this important and memorable occasion.

In October 1994 the GEDAC organised (as with previous years) its 4th Course, at comprehensive level, it was held in Tours for 4 days. This course was followed by 120 delegates and was a great success. The topics covered included:

- Dermatologic examination (Z. Alhaidari)
- Parasitic dermatoses (E. Guaguère)
- Pyoderma (Z. Alhaidari & E. Guaguère)
- Allergic dermatoses (P. Prélard & E. Guaguère)
- Hormonal dermatoses (D. Héripret & B. Hubert)
- Dermatomycoses (D.N. Carlotti)
- Cutaneous oncology (J.P. Magnol)
- Seborrhea (D.N. Carlotti)
- Auto-immune dermatoses (J.P. Magnol)
- Pododermatitis (B. Hubert)
- Otitis externa (Y. Legeay)
- Topical therapy (Y. Legeay)

The next course will take place in Aix en Provence in October 1995.

For the specialised day of the FECAVA-CNVSPA (19 November 1994) meeting, the GEDAC proposed a programme devoted to cutaneous infection. The speakers were David Lloyd, Richard Harvey, Didier Noël Carlotti and Dominique Héripret.

In January 1995 (26-28), the GEDAC joined with the Dermatology Unit of the Veterinary School of Lyon (Pr. J.P. Magnol) and INSERM Lyon (Pr. Schmitt) will organise an advanced course devoted to cutaneous biology. This course will be attended by 40 delegates.

The annual meeting of the GEDAC will take place in Le Touquet, in the north of France (on the Opale Coast) from 1-3 June 1995. The main theme will be parasitology and mycology. The speakers will be M. Dryden (USA), S. White (USA), J. Van Cutsem (Belgium), E. Guaguère (France), D.N. Carlotti (France), P. Bourdeau (France), G. Bourdoiseau (France), R. Chermette (France), M. Feuillade de Chauvin (France). A comprehensive programme has also been proposed on Saturday and is devoted to pruritus, pododermatitis and otitis. A very interesting series of short communications will also be presented on Thursday. At the heart of the Paris, London, Brussels triangle, Le Touquet occupies a privileged position in the region of Nord-Pas de Calais, which will have an important role in future European economic development.

Welcome to Le Touquet!

Eric Guaguere

GERMANY

XVIII World Congress of WSAVA 6-9 October, 1994 in Berlin

Pre-Congress Day - Continuing Education Programme of ESVD
(Recent developments in Veterinary Dermatology)

6 October	8.45 - 9.00 a.m.	Opening remarks: Dr D. Grant, President ESVD
	9.00 - 9.55 a.m.	Dr D Lloyd: Staphylococcal virulence and skin colonisation: new insights
	9.55 - 10.50 a.m.	Dr D. Carlotti: a better understanding of canine dermatophytosis (including new treatments)
	10.50 - 11.20 a.m.	Break
	11.20 a.m. - 12.15 p.m.	Dr K. Kwochka: Recent developments in topical therapy
	12.15 - 13.30 p.m.	Lunch Break
	13.30 p.m. - 14.25 p.m.	Dr R. Harvey: Recent developments in the use of EFA's in dermatological therapy
	14.25 - 15.20 p.m.	Prof R. Halliwell: Hormones and skin: where we stand today.
8 October	15.45 - 16.40 p.m.	Prof L. Ferrer: What is new in dermato-histopathology
	16.40 - 16.55 p.m.	Final discussion
	8.30 a.m. - 9.30 a.m.	K. Kwochka - Scaling and crusting dermatoses - Aetiology and Pathogenesis, State of the Art Lecture
	9.30 a.m. - 10.30 a.m.	D. Carlotti - Scaling and crusting dermatoses - Clinical Aspects + Diagnostic Service Award
	10.30 a.m. - 11.00 a.m.	Break
	11.00 a.m. - 11.30 a.m.	R. Halliwell - Scaling and crusting dermatoses - local therapy
	11.30 a.m. - 12.00 p.m.	D. Lloyd - Scaling and crusting dermatoses - systemic therapy
	12.00 - 12.30 p.m.	D. Aucoin - Clinical Pharmacology and Antibiotics
12.30 p.m.	Lunch Break	

Stefanie Peters

GREECE

Unfortunately, last year only one activity of veterinary dermatology took place. It comprised a small session during the 6th Hellenic Veterinary Congress, which was held in Athens on 25-28 November, 1993.

Next year (1995) looks better; again there will be some lectures regarding interesting aspects of small animal dermatology during the 4th Hellenic Symposium in Small Animal Veterinary Medicine. The symposium will be held in the prestigious Athens Hilton Hotel in the centre of Athens on 17-19 March, 1995. For those interested for more details contact the Secretariat, tel. 01 7771056 or fax 01 7711289

There will be a European Continuing Education Meeting specifically on Dermatology of the Dog

and Cat. The meeting is organised by both FDCAVA and the Hellenic Veterinary Medical Society (HVMS) and will be held in the Evia Hotel Club from September 28 until October 1 1995. The hotel is located fairly close to Athens and the speakers, Dr Carlotti, Dr Thoday and Dr Koutinas, will cover the diagnosis and management of nearly all skin problems of the dog and cat. The course will highlight in particular the practical approach and principles of management of skin problems that the general practitioners are dealing with every day. The course language will be English. In addition an exciting social programme for delegates and accompanying persons is to be arranged. Further details from: Public Relations Centre, Dr Ben Albalas, Vice-Chairman of FECAVA, 102 Michalakopoulou st, 115 28 Athens - GREECE Tel: (301) 7771056, 775336, Fax: (301) 7711289

ITALY 1

During spring AIDEV organised in co-operation with AIVPA, a successful meeting in Perugia about cat dermatology. The main speaker was D. Grant (U.K.) who gave many interesting lectures about different topics (ectoparasites, allergy, neoplastic conditions etc.). Chiara Noli (Italy) introduced consultation in cat dermatology and drug reactions. A. Fondati (Italy) prepared a topic about the eosinophilic granuloma complex in the cat. A. Vercelli and G. Raviri discussed clinical cases (Pseudomycetoma and intoxication caused by azathioprine in the cat).

In October 1994 a pre-congress day in Salsomaggiore Terme was held concerning other topics of cat dermatology (deep mycoses, psychogenic alopecia, cytology) discussed by Chiara Noli. Self assessment and clinical reports were organised by A. Vercelli, C. Ciriani and R. Morganti.

In Spring 1995 a three day basic course in dermatology will be held in Parma University.

In the autumn of 1995 a meeting on autoimmune skin diseases has been organised.

For further information please contact Antonella Vercelli - Tel: 011-613987; Fax: 011-3173763.

Antonella Vercelli

ITALY 2

In 1993 the Dermatology Group of SCIVAC organised two meetings in Cremona to prepare and discuss the results of a study on intradermal versus *in-vitro* testing (ATRIC antigens provided by Agrolabs) for the diagnosis of atopy in dogs.

A short course on dermatopathology was organised in August at the University of Perugia, School of Veterinary Medicine with Dr L. Ferrer (University of Barcelona) and Dr L. Mechelli (University of Perugia)

Alessandra Fondati

SPAIN

The Spanish Veterinary Dermatology Study Group organised two courses and two Congresses since the last Annual Report was published.

In September 1993 AVEPA local division from Galicia organised a basic course in Dermatology. This event was presented in Santiago de Compostela, a beautiful medieval city in the north-west of the country. Pilar Sagredo and Eduard Saló spoke about allergy, leishmaniasis, dermatophytosis and feline dermatoses.

In December 1993 the 4th Clinical Veterinary Dermatology Course was held at the Zaragoza School of Veterinary Studies. Didier Carlotti, Pilar Sagredo, Ana Rios, Luis Ferrer, Eduard Saló, Jose Luis Gonzalez and Maite Verde presented lectures about the most important Dermatoses in Small Animal Dermatology.

In 1994 the Spanish Veterinary Dermatology Group celebrated its 4th National Congress in San Lorenzo del Escorial (Madrid). The guest speaker was Edmund J. Rosser from Michigan (USA) and his lectures delighted everyone. Dr Rosser spoke about breed specific dermatologic diseases, the seborrheic complex, psychogenic dermatoses and new therapeutic agents in veterinary dermatology. Other speakers included Dr Gonzalez (Eosinophilic granuloma complex), Pilar Sagredo and Emilio Suarez (Human and Small Animal Atopy: a comparison) and Maite Verde (Nutritional Therapy in Dermatology).

Finally, during the AVEPA Annual Congress, the Spanish group organised a meeting (16 October 1994) in Barcelona with Richard Halliwell and Ana Rios who spoke about cytological preparations in dermatological practice, recurrent pyoderma and sex hormones in skin diseases.

Maite Verde

UNITED KINGDOM

The 1993 autumn meeting of the BVDSG was held as a joint meeting with the dermatology unit of the RVC. Food Allergy was the main topic covered by speakers including Ed Rosser. The autumn also saw the first examined Diplomates in Veterinary Dermatology being passed by the Royal College. Spring 1994 concentrated on feline dermatology with meetings held by the RVC and pre BSAVA Congress by the BVDSG. The latter meetings boasted Karen Moricell and Craig Griffin as speakers. Modular courses for the Certificate in Small Animal Dermatology continued at Edinburgh with a Certificate group meeting in Bristol. A dermatology study group held meetings in northern Ireland, and BSAVA continuing education courses were held on various topics through the year. The summer brought the ESVD Equine meeting in Newmarket and Ken Kwochka spoke at a regional meeting in Northern Ireland. The 1994 autumn meeting of the BVDSG was held in Leeds with a full two day programme during which Ken Mason and Bob Dunstan spoke. A record number of candidates passed the Certificate examination prior to the alterations to the syllabus which will include large animal dermatology from now on.

1995 APPLICATION FOR MEMBERSHIP

I apply for membership of the ESVD as:

Full member

Associate member

Affiliate member

Full Membership shall be limited to those veterinarians who devote a significant proportion of their professional activities to research, teaching or the practice of veterinary dermatology. Letters of recommendation from two founder or full members of the ESVD are required. Applications will be considered by the Executive Committee of the ESVD. The Executive Committee will not initiate such letter of recommendation. Full Members are elected at the ESVD annual general meeting.

Associate Membership shall be open to all veterinarians who are interested in veterinary dermatology but do not qualify for full membership. Associate membership shall be approved by the Executive Committee of the ESVD. Associate members shall not have the right to vote or hold office in the Society. Recommendation letters are not required for associate membership.

Affiliate Membership shall be open to all non-veterinarians who are interested in veterinary dermatology. Affiliate membership shall be approved by the Executive Committee of the ESVD. Affiliate members shall not have the right to vote or to hold office in the Society. Recommendation letters are not required for affiliate membership.

All applications must be received by the Executive Committee of the ESVD at least 60 days prior to the annual general meeting of the ESVD and must be accompanied by a payment of XEU 90 (Bank transfer) or XEU 100 (Eurocheque) including the subscription to "Veterinary Dermatology".

Method of Payment:

- a) **Bank transfer** **XEU 90**
To ESVD Account N° 11858, BNP Luxembourg, 24 Boulevard Royal, 2952-LUXEMBOURG
- b) **Eurocheque** **XEU 100** (Cheque N°)
Pay to D. Heripret, ESVD Treasurer, Clinique Frégis, 15 rue André Del Sarte,
F-75018 Paris. FRANCE
- (c) **US Dollars** **USD 120** (for non European members only)
Pay by cheque to Thierry Olivry, Coll. of Vet. Med., N. Carolina State Univ.
4700 Hillsborough Street, RALEIGH, NC 27606 USA

(Please Type)

NAME: First Name:

ADDRESS - Business: Residence:

COUNTRY: Phone: Fax:

Education (Professional and advanced degrees):

Present activities involving dermatology (practice, teaching, research,...):

Percentage of professional activity devoted to veterinary dermatology:

For full membership application, please use a separate sheet for: main lectures given during past two years (with dates and places), main publications (veterinary dermatology only), institutional affiliations, names of sponsors.

Please return the complete form to:
