

# **ANNUAL REPORT**

*Number 18, June 2003*

**CONTENTS**

- 2 President's Remarks**
- 2 Publications**
- 3 ESVD Grant**
- 4 Education: Meetings and Workshops**
- 7 Minutes of the 18th AGM of the ESVD**
- 9 Treasurer's Report 2002**
- 12 Financial Report Nice Congress**
- 15 Selected Dermatological References 2002**
- 27 Membership list as of 31.12.2002 - alphabetical order**
- 49 Membership list as of 31.12.2002 - geographic distribution**
- 53 Application for Associate / Affiliate Member**
- 54 Application for Full Member**
- 55 Agenda for the 19th Annual General Meeting**

ANNUAL REPORT  
of  
EUROPEAN SOCIETY OF VETERINARY DERMATOLOGY

No. 18, June 2003

**Editor:** Chiara Noli  
Publication Officer

## President's Remarks

---

WHY would anyone read this Annual Report?

You are far too busy, but who isn't! You may not be interested in these sort of things or you only joined the ESVD for our journal. These are very good reasons for not reading the Annual Report.

But on the other hand, board members are elected by YOU. The present five Board Members do their best to keep the ESVD running. We are immensely helped by Tim Nuttall, the editor of the ESVD Bulletin, and Thierry Olivry, who prepared the list of references, you will find in this report. It is very handy to know in time which workshop will be held, where and when.

We have some very interesting ones to come. It is good to read how to subscribe for the ESVD grant of 5000 euros!

The ESVD wants to promote clinical research. Furthermore, you do want to know how the ESVD is spending your money, which you can find in the financial report.

This is the place to look back on our 18th Annual Meeting in Nice. More than 400 delegates and 23 speakers visited le Palais du Congrès in downtown Nice. I would like to express my gratitude to the organizers, Zeineb Alhaidari, Emmanuel Bensignor, and Pascal Prelaud. You made it!! The wonderful evening in Eze I will never forget.

Looking ahead, you must have noticed where our 19th annual meeting will be held. It is Tenerife!!

The organizers have been working already for more than a year for this meeting. You may not realize how far in advance these meetings are planned. Please help them and subscribe in time. You can find everything on the website [www.esvd2003.com](http://www.esvd2003.com).

The scientific programme is very interesting, look for it on the web!

After the World Congress (Vienna, 2004, [www.VetdermVienna.com](http://www.VetdermVienna.com)) the ESVD is going to Greece in 2005.

One secret I can give away: the hotel is at the beach with wonderful Greek atmosphere.

The Board is very happy to work with all these enthusiastic members. By reading the Annual Report you will become more informed and a part of the European Veterinary Dermatology Society.

**Margreet VROOM**  
ESVD President

## Publications

---

I am grateful to the Board members, who provided me with the material published in this edition of the *Annual Report*.

A special thank to Thierry Olivry, who once again provided us with his very useful veterinary dermatology reference list.

The year 2002 has been the first for Peter Hill as European Co-Editor of *Veterinary Dermatology*. We would like to thank him, together with the American Co-Editor, Karen Moriello, and the Editor-in-Chief Ian Mason. Their wonderful work made it possible to raise the citation index from 0.658 to 0.934 and from position 45 to 30 in the ranking list of veterinary journals. Furthermore, abstracts from the AAVD/ACVD Annual Meeting and ESVD/ECVD Congress have been included as a useful reference for those who could not participate in the meetings. Abstracts of the State of the Art Lectures, supporting papers, free communications and posters of the 5th World Congress of Veterinary Dermatology will be published as a supplement next year. *Veterinary Dermatology* can also be found on line. Electronic subscriptions permit the rapid download of all published articles, including abstracts of most of the-cited references. For more information please visit the web site <http://www.blackwell-science.com/vde>.

The *ESVD Bulletin* is an important and efficient means of communication to and between members. In it you can find the reports of past courses and congresses, the announcements of future national and international meetings in veterinary dermatology, the "Web Watch", a number of web pages related to dermatology, and the "Abstract Watch", comments on recently published articles. This has been possible only thanks to its wonderful Editor Tim Nuttall, to whom we are all grateful and proud of his excellent work. The Editor will be pleased to receive comments, letters, reports of past meetings, announcements of future courses and congresses to be published on the Bulletin, which is reaching more than 600 persons in the world with a special interest in veterinary dermatology!

Last, but not least, please visit our web site, <http://www.esvd.org>. There you will find links to the new constitution and byelaws, you can download the membership registration forms, and you can obtain updated information regarding future ESVD courses and direct links to the organisers' e-mail addresses. We would like to thank David Lloyd for his wonderful help in setting up this web site and contributing to its maintenance.

## Chiara NOLI

### ESVD Grant

---

ESVD wishes to encourage high standards in all aspects of veterinary dermatology and to promote the development of related research. Therefore, an annual research grant has been awarded since 1996 by the ESVD for basic or clinical research in veterinary dermatology. Each grant is to the value of 5,000 Euros.

Ordinarily projects are expected to be of one to two years' duration. Applicants are expected to propose a project of scientific merit that is applicable to veterinary dermatology. Grants are evaluated on scientific merit, feasibility, and usefulness. Preference will be given to novel proposals including the development of pilot studies. Applications for support of some identifiable component of an ongoing research work will also be considered. It is not the intention to provide funds for single items of capital expenditure. Please note that the Society is not in a position to support the costs of institutional overheads. Any use of experimental animals must conform to the local ethical and animal welfare regulations.

Proposals should be received by April 1 each year for consideration by the grant awarding committee. Research proposals (four copies) should be sent to the current ESVD Publications and Grant secretary (Dr. Chiara Noli, Strada Madonna 58, I2016 Peveragno (CN), Italy). An acknowledgement will be sent. All applications will be subject to peer review and must include background information, project aims and objectives, project design, specific methods, budget together with an explanation of the relevance of the proposed work to veterinary dermatology, as described in the guidelines. The award will be granted and announced at the next AGM of the Society. Payment of the grant will be made into a special account and a budget report will be required by the ESVD Treasurer at the end of the study. Any funds not spent must be returned to the ESVD. Annual progress reports are required and should be submitted to the current Publications and Grant Secretary at least 30 days before the Society's AGM.

Successful applicants will be expected to submit their results for publication in *Veterinary Dermatology* and to present their findings to ESVD members at an ESVD Annual Congress within three years from receipt of the grant. The funds cannot be used for travel and accommodation at the meeting but only for research. However, the principal awardee is entitled to free registration at any ESVD Annual Congress at which he or she will present the data generated as a result of the grant.

Proposals should be prepared according to the following guidelines. As far as is practically possible, the proposals will be evaluated anonymously. Therefore, please include names, addresses and other identifying information only on the title page. Please make every effort to have no identifying information in the body of the proposal. Submitted along with the body of the proposal, as a separate document, should be one copy of the curriculum vitae of each of the principal investigators.

#### **Guidelines for Preparation of ESVD Grant Applications:**

Applications not adhering to these guidelines may be excluded from consideration. The number of pages listed are maximum numbers. Shorter proposals are acceptable and welcomed.

#### **Section 1 (one page maximum)**

Title page should include the project title, the name and title of the investigator, the institute at which the research will be performed, and the dates of the proposed project period.

#### **Section 2. (one page maximum)**

- i) Provide a brief abstract with clearly stated objectives and the importance of the research, the experimental design and the methods used for achieving the stated objectives.
- ii) Specific aim(s): State in general terms the long term objective(s) and the hypothesis to be tested.

**Section 3 (2 pages maximum)**

**Background and significance:** In this section, briefly review the background for the present proposal, and the gaps in knowledge that the proposed project will fill.

**Section 4 (2 pages maximum)**

**Preliminary studies:** If there are preliminary data to support the hypothesis or to demonstrate that the investigator is familiar with the proposed methods, they should be included. If there are no preliminary results, then this section can be omitted.

**Section 5 (4 pages maximum)**

*i) Experimental design and methods:* This section should contain a concise discussion of the experimental design and the procedures to be used to accomplish the specific aims listed above. This section should be sufficiently detailed so that the feasibility may be judged. This section should list a brief description of resources available to investigators. It is important to discuss the means by which the data will be collected, analysed and interpreted, and the controls that will be required to allow a proper analysis. The type of statistical evaluation to be used for data analysis should be briefly detailed. Investigators should justify the sizes of experimental groups.

*ii) Animal use:* Projects must fulfil the requirements of legislation in force in the country in which the work is to be performed. A statement to this effect should be included in the application. Any project proposal involving animals must be evaluated by the applicant's institution animal use committee and a statement to that effect should also be included in the proposal. If pets are to be used in the project, a permission form for the owners to complete should be appended to the proposal. Unless animal care and use has been carefully addressed, a proposal can not be considered for funding.

**Section 6 (one page maximum)**

A one page detailed budget should be included. The ESVD will not subsidise professional veterinary fees incurred by clients in the investigation of animals involved in clinical projects.

**Section 7 (one page maximum)**

References should be provided for Section 3 (background information) and section 4 (methods).

**Chiara NOLI****Education: Forthcoming Workshops and Annual Congresses****ESVD Workshops**

**2003**

**Therapeutics (no practicals) 6) 6-9th November - Cremona (Italy) - maximum attendants: 50 participants**

Speakers: M. Kietzman, C. Griffin, E. Pappalardo

Local organizer: Chiara Noli

For information and registration please contact Chiara Noli: [pitnoli@iol.it](mailto:pitnoli@iol.it)

Registration fees : 400 Euros

Non ESVD members : members: 510 Euros

*Thursday 6th November*

8h30 – 9h00 Registration and welcome

9h30 – 10h30 Principles of drug action, action, interaction and reaction

MK

10h30 – 11h15 Principles of topical therapy, active ingredients, absorption

MK

11h15 – 12h45 Welcome cocktail party

11h45 – 12h30 Clinical use of topical therapy

CG

12h30 – 14h00 Lunch

14h00 – 15h15 Antibacterial therapy

MK

16h00 – 16h30 Coffee break

16h30 – 18h00 Treatment of pyoderma, including topical therapy and immunostimulants

CG

*Friday 7th*

8h30 – 9h30 Topical and systemic antifungal agents	MK
9h30 – 10h30 Problem cases and clinical use of antifungal therapy	CG
10h00 – 10h30 Coffee break	
10h30 – 12h30 Anti-inflammatory drugs , including steroids, antihistamines and EFAs	MK
12h30 – 14h00 Lunch	
14h00 – 15h15 Long term Chronic symptomatic management of atopic dermatitis and immunotherapy	CG
15h15 – 16h00 Hypoallergenic diets and management of food allergic dogs	CG
16h00 – 16h30 Coffee break	
16h30 – 17h30 Management of keratinization disorders	CG
17h30 – 18h15 Treatment of demodicosis	CG

*Saturday 8th*

8h30 – 9h30 Behavioural drugs	MK
9h30 – 10h30 Immune suppressive drugs	MK
10h30 – 11h00 Coffee break	
11h00 – 12h30 Treatment of immune-mediated and autoimmune diseases	CG
12h30 – 14h00 Lunch	
14h00 – 16h00 Treatment of otitis	CG
16h00 – 16h30 Coffee break	
16h30 – 17h30 Treatment of leishmaniasis	EP

*Sunday 9th*

8h30 – 10h30 Treatment of non inflammatory alopecias	CG
10h30 – 11h00 Coffee break	
11h00 – 12h30 Case presentations, new answers, special therapy tips	

**2004**

**Skin biology (no practicals) 28) 28 – 30 January - Lyon (France) – maximum attendants: 40 participants**

Speakers: researchers of world-wide reputation in their respective field

Local organizer: Zeineb Alhaidari For information and registration please contact Zeineb Alhaidari:

*Wednesday January 28th*

8h00 – 9h00: Registration and welcome	
9h00 – 10h30: Update on epidermal differentiation and keratinisation	J. Kanitakis (INSERM UNIT 346 'Human skin and Immunity', Lyon, France)
10h30 – 11h00: Coffee break	
11h00 – 12h00: Update on stratum corneum and desquamation	M. Haftek (INSERM UNIT 346 'Human skin and Immunity', Lyon, France)
12h00 – 13h00: Update on corneodesmosin corneodesmosomes?	G. Serre (Laboratory of Cellular Biology and Cytology, Toulouse, France)
13h00 – 14h30: Lunch	
14h30 – 16h30: Update on cellular adhesion molecules	P. Rousselle (Institute of Biology and Chemistry of Proteins, Lyon, France)
16h30 – 17h00: Coffee break	
17h00 – 18h00 Update on epidermal cytokines and keratinocyte activation	Valladeau (INSERM UNIT 346 'Human skin and Immunity', Lyon, France)

**Thursday January 29th**

9h00 – 10h30: Update on skin immune system

F. Berard (Centre hospitalier Lyon Sud, Clinical Immunology and Allergology Unit, Lyon, France)

10h30 – 11h00: Coffee break

11h00 – 12h00: Update on the Langerhans cell

C Dezutter Dambuyant (INSERM UNIT 346 'Human skin and Immunity', Lyon, France)

12h00 – 13h00: Update on skin vascularization

J. Kanitakis (INSERM UNIT 346 'Human skin and Immunity', Lyon, France)

13h00 – 14h30: Lunch

14h30 – 16h30: Update on skin matrix and collagens

D. Herbage (Institute of Biology and Chemistry of Proteins, Lyon, France)

16h30 – 17h00: Coffee break

17h00 – 18h00: Update on elastic fibres

P. Sommer (Institute of Biology and Chemistry of Proteins, Lyon, France)

**Friday January 30th**

9h00 – 10h30: Dermo-epidermal junction: update on hemidesmosomes

L. Borradori (Hopital cantonal, Dermatology Department, Genève, Suisse)

10h30 – 11h00: Coffee break

11h00 – 12h00: Dermo-epidermal junction: update on other structures and functions

P. Bernard (Hopital Robert Debré, Dermatology Department, Reims, France)

12h00 – 13h00: Update on skin innervation

13h00 – 14h30: Lunch

14h30 – 16h30: Update on the follicular unit

B Bernard (Hair Biology Group, L'Oréal, Clichy, France)

16h30 – 17h00: Coffee break

17h00 – 18h00: Update on the follicular unit

B Bernard (Hair Biology Group, L'Oréal, Clichy, France)

2005

**Immunodermatology May or June - England**

Local organizer : Tim Nuttall

**Congresses****19th Annual Congress of the ESVD-ECVD: Tenerife, Spain, 4-6 September 2003**

Main topics: New trends in cutaneous immunology and pathology, new trends in immunopathology of infectious diseases and in dermatological therapy, canine and feline ear and nail diseases, deep mycoses and ruminant dermatology.

For information and registration please visit the web site [www.esvd2003.com](http://www.esvd2003.com)**5th World Congress of Veterinary Dermatology: Vienna, Austria, 25-28 August 2004**

Main topics: Cutaneous immunology – focus on atopic dermatitis, Therapy – focus on immunomodulating drugs,

Infectious and parasitic diseases – focus on mycobacteria, Skin biology – focus on wound healing,

Nutrition – focus on antioxidants, free radicals and the skin.

For more information about the programme and submission of abstracts please visit the web site [www.VetdermVienna.com](http://www.VetdermVienna.com).**20th Annual Congress of the ESVD-ECVD: Kalkidiki, Greece, 6-8 September 2005****Zeineb ALHAIDARI**

## Minutes of the 18th AGM of the ESVD

---

Acropolis Centre, Nice - September 27th 2002

Margreet Vroom, President of ESVD opened the meeting, with a welcome to all.

### Treasurers Report (T. Whitbread)

Membership renewal will be featured in the next ESVD Bulletin.

There have been considerable delays in processing membership enquiries. This has been due in part to:

1. Resignation of the membership secretary,
2. Blackwells have been slow to post the journal *Veterinary Dermatology* after they have received notification. They have had some changes in computer arrangements that have influenced posting of the journal.
3. Members are encouraged to notify change of address.

Members are encouraged to review their bank details when ESVD do not know the source of bank transfers to ESVD.

It is impossible in some cases to link a bank transfer to the name of a member.

Payment using VISA documents requires accurate placing of numbers in order to avoid delay in processing membership payments.

Some member's names were missing from the annual report due to secretarial mistakes – apologies offered.

From the floor one member suggested receiving a receipt that shows that payment has been received.

It is planned that with the new membership secretary that email acknowledgement will be sent out.

It would be feasible to send the Bulletin, Annual Report and other post to members by email and save ESVD a considerable amount of money (1500-2000 Euros per annum).

Members are advised that it may take 4 weeks to receive copies of *Veterinary Dermatology* once the membership payment/application has been received and processed.

### Comments from the floor:

ESVD is not registered as an organisation that is entitled to a tax deduction for membership fees in the UK – could this be considered?

Commercial companies may be willing to provide support towards the costs of mailing the bulletin to members.

A payment of 28,000 Euros has been made to the local organising committee for the ESVD annual meeting in Copenhagen (2001) – the financial report initiated discussion about the reasons for such a loss. Currently the scientific committee of the local organising committee will include members of the ESVD/ECVD boards. The ESVD board also reviews the budget for the annual meetings and offers advice. In order to avoid losses in future meetings the treasurers from the ESVD and ECVD boards will be seconded to the local organising committee to provide assistance.

### Dr F. Kristensen offered the following comments as chair of the local organising committee in Copenhagen:

The predicted delegate numbers included people from Eastern Europe who did not arrive, so instead of 700 delegates only 600 attended.

A Danish dermatology meeting that was held shortly before the congress, where attendance was free, exacerbated the situation.

A bill for printing costs was over 100% higher than the original quotation.

There are books in stock for nurses that are valued as 15,000 Euros to add back to the budget and 2 sponsor guarantees remain to be paid (total 23,000 Euros).

### There was discussion about the registration fee for residents pursuing the alternative route for ECVD accreditation.

The ESVD board had decided before the AGM to continue with free registration for residents; that undergraduate and postgraduate students in dermatology or related disciplines and alternative route residents should pay 50% of the registration fee. Factors to consider include the gradual decline in the number of delegates for annual congresses so that free registration may not be feasible in the future and all types of residents and postgraduate students may have to pay a fee or % of the registration fee for future meetings.

In view of the budget loss for the annual meeting in Copenhagen the board was invited to consider adoption of an insurance policy to enable local organising committees to avoid risk associated with budget losses – especially due to factors beyond their control.

The matters of limited liability, charitable and tax status of the ESVD, and how we can cover possible financial losses is are under consideration by the board.

#### **Membership Secretary Report (T. Whitbread)**

There were five applications for full membership and they were accepted on a vote.

T. Whitbread informed the meeting that there were 514 members of ESVD with an additional 90 that had not renewed so far. It was suggested that a web-based questionnaire survey could be sent to people that do not renew membership.

#### **Publications Report (C. Noli)**

##### *Veterinary Dermatology*

The citation index has risen from 0.658 to 0.934 in the past year and from position 45 to 30 in the list of veterinary journals. Selected abstracts from the ACVD/AAVD and ESVD/ECVD annual meetings will be published from this year onwards. Special issues are planned for the journal.

##### *Bulletin*

T Nuttall was thanked for his hard work on the bulletin.

##### *Web page*

This has been updated and will undergo further revision to make it more useful for members and to advertise the work of the ESVD. D Lloyd was thanked for his part in assisting with the web page.

*Annual Report* Published this year.

#### **Further Education Committees Report (Z. Alhaidari)**

The next annual meeting will be held in Tenerife and the final program will be confirmed in November 2002.

##### *Workshops:*

Therapeutics: 3-6th November 2003 Cremona Italy planned.

Skin biology: January 28-30th 2004, Lyons, Cancer Research Centre.

The membership is invited to suggest suitable venues for future annual meetings after Greece 2005 and for subjects for workshops.

#### **Research Committee Report and the Nomination of the ESVD Research Grant (C. Noli)**

The reviewers were unable to agree on the two applications submitted for funding.

Consequently the award will be postponed until 2003 and it may be possible to fund more than one project in the future.

##### **Any other business**

Those present adopted the ESVD bye-law changes, previously published in the bulletin.

There was considerable debate about how to commemorate the death of Ulli Renge Harms.

The ESVD board offered a free annual meeting registration for the recipient of an award that will seek to commemorate her death.

An agenda item for future meetings may include a detailed report, including financial details, of the annual meeting.

19 October, 2002

**Aiden P Foster**  
ESVD Secretary

## Treasurer's Report 2003

### ESVD accounts for the period 01/01/02 – 31/12/02 (in Euros)

<b>Balance at 31/12 /02</b>	<b>41402.63</b>	<b>41569.77</b>	<b>65111.72</b>	<b>70,469.60</b>	<b>50583.00</b>

### UK bank account (in Pounds Sterling)

Starting balance at 01/01/02		0.0	1402.76	14016.41	34957.40
Income		12273.97	31441.38	43091.78	33247.31
Expenditure		10871.21	18827.73	22150.79	27989.14
<b>Balance at 31/12/02</b>		<b>1402.76</b>	<b>14016.41</b>	<b>34957.40</b>	<b>40215.67</b>
			(22426.26 e)	(55931.84e)	(60323.51e)

### US bank account (in USD)

Starting balance at 01/01/02	2486.06	5055.56	2604.50	479.49	1408.49
Income	2610.00	1840.00	605.00	929.00	415.00
Expenditure	-40.50	-4291.06	2730.01		1149.50
Balance at 31/12/02	5055.56	2604.50	479.49	1408.49	673.99

The amounts for the Luxembourg euro account and UK sterling account have been amalgamated in the above analysis at an exchange rate of £1.00 = 1.5 euro.

## INCOME

### Membership Fee

About two thirds of memberships are currently paying by Visa or cheques in Sterling and about a third paying by bank transfer. We have brought forward the renewal date to the 1st January for the year 2003 and some of the income therefore, for membership for 2003, is included in the 2002 accounts. After many years of trying to get prompt payment of membership, having 1st January as the deadline appears to have been a moderate success.

### Investment Account

Interest rate throughout Europe are low. We do accrue more interest on the Luxembourg Account compared to the UK Account but the bank charges for the general Luxembourg Account are far higher.

### Annual Congress

See below under expenses.

### Blackwell

The profits that are returned to us by Blackwell for sale of Veterinary Dermatology have increased quite markedly this year but some of this was catch up from quite a substantial number of late membership renewals in 2001.

## EXPENSES

### Meeting and Travel Expenses

We had two board meetings in 2002, both in Nice. The customary November board meeting was delayed to January 2003 and not included therefore in these accounts. Meeting and travel expenses continue on a downward trend.

### Veterinary Dermatology

This is actually less for the year 2002 but there will be some charges for a number of new members who joined late in the year and these will be in next years accounts.

### Bank Charges

Bank charges have been modest this year, the majority of these charges are associated with the Visa payments.

### Secretary and Mailing

This has reduced considerably this year and comprises 499.08 Euro for secretarial expenses and 389.42 Euro for postage. The postage included the flier for the Equine Workshop early in the year.

### ESVD Publications

This figure is principally associated with printing and transport costs of the printing. We have centralised printing in the UK and, in the latter half of the year, all printing was carried out close to the point of postage. This has considerably reduced the costs of transporting the printed material and we have also managed to get a better deal on the printing fees.

### Congress Organisation

The expenses under this heading are in fact the loss that was made at the Copenhagen Congress in 2001.

### Miscellaneous

This includes the yearly 100 Euro for our membership of Fecava and fees for maintaining our Web site which is, as you know, an ongoing cost.

### ESVD Grant

No grant was awarded for the year 2002.

**US Payment Account**

A small number of transactions have passed through this account, we now have a small balance in the US for payment of expenses to American Speakers.

**UK Bank Account**

There has been no mechanism to date for collecting Visa payments in Euros and storing them directly into Euros without passing through Sterling. We have an arrangement with the UK bank where we pay very little charge for this conversion but, as dealings in the Euro currency, even in the non Euro zone, are now becoming more stable there is a possibility that we may store all of our money in Euros in the future, possibly in one UK Account but this will depend upon the charges levied by the UK bank for dispersing Euro expenses.

**Dutch Account**

There is a small reserve in the Dutch Account which totals 2628.16e

**GENERAL COMMENTS**

First of all, we still maintain both a UK Sterling Account and a Luxembourg Euro Account and you will see that some of the totals that have been included as a starting balance do not correspond to the balances given in last years accounts. The reasons for this is that for the last few years we have maintained an exchange rate in the accounts of £1 equal to 1.6 Euro which has been roughly the exchange rate during that period of time. However, with the Euro strengthening and the pound weakening, the conversion has been made at £1 equal to 1.5 Euro and there is a high probability that this will decrease further during the year 2003.

I appreciate the concerted effort members have made this year to renew their subscriptions by the 1st January and I would encourage those members who are tardy in renewing their membership to renew early. This greatly increases the efficiency of administration and accounts to some extent for the reduction in secretarial charges. It also reduces out Visa charges and greatly helps with the general administration of the Society. I would encourage all members please to renew their membership before the beginning of January.

Costs to the Society of Veterinary Dermatology will be increasing over the next few years well ahead of inflation. According to Blackwell, this is simply catch up from less than inflation charges in previous years but it will greatly increase our costs. Costs of running the Society, excluding the cost of Veterinary Dermatology Journal to each member, is less than 30 Euros. As you can see we have a very healthy balance at the present time but we would hope to not increase costs to members and to reduce this balance over the next few years as the establishment of a Limited Company for the board members will remove personal liability for losses of the board members and therefore remove the necessity for such a high balance.

**Trevor WHITBREAD**

Treasurer

## Meeting Organizer's Report – Nice Congress final figures

---

### EXPENSES

#### 1. Facilities

1.1 Convention Center rental	24889.41
1.2 Technical items rental	18132.07
<b>Total</b>	<b>43021.48</b>

2. Translation 4550.00

3. Logo+advertisement slides 127.60

*Comment: Cost is very low because the logo has not been designed by a graphic designerst but by one of the organizers.*

4. Printing (leaflets and proceedings) 19427.86

5. Congress bags 2127.33

#### 6. Secretariat

6.1 Mathez Travel (registrations, badges, exhibition)  
29026.95

6.2 AFVAC secretariat 10000.00

**Total 39026.95**

*Comment: AFVAC secretariat has been used in order to get back the VAT (19,6%), and to make do the accounting*

#### 7. Staff

7.1 Acropolis (hostesses, technicians, security) 8862.75

7.2 Coffee breaks+lunches 1440.00

**Total 10302.75**

8. Coffee breaks 12558.00

#### 9. Congress evening

8.1 Facilities (Eze village) rental 24711.09

8.2 Congress dinner 26731.06

8.3 Buses rental 3594.00

**Total 55036.15**

*Comment: The Congress dinner is a plus and a nice final touch to the meeting, but it is usually very expensive to organize and a threat potential challenge for balancing theto balance the budget; so the open question we ask is: is it worth to keep organizing such an event during ESVD-ECVD meetings?!*

#### 10. Expenses of the organizers

10.1 Copies 72.97

10.2 Mailing 1447.61

10.3 Travels 1287.75

10.4 Meals 171.02

**Total 2979.35**

#### 11. Speakers and board members

11.1 Speakers a. Honorarium 6250.00

b. Travels 8529.94

c. Accommodation 7839.00

**Subtotal 11.1 22618.94**

*Comment: There were 23 speakers, 13 from France (4 local who didn't need accommodation), 1 from Germany, 2 from Italy, 1 from the Netherlands, 2 from Spain, 1 from UK and 3 from the USA.*

11.2 Board members a. Travels 3991.31

b. Board's accommodation 7320.00

**Subtotal 11.2 11311.31**

*Comment: The board members' expenses are relatively low because 4 of them were used as speakers (1 ECVD and 3ESVD), and because one belonged to both ECVD and GEDAC boards, and another one belonged to both ESVD and GEDAC boards (and was a speaker...).*

11.3 Guests and staff lunches		2324.00
	<b>Total 11</b>	<b>36254.25</b>
12. Bank charges		1431.34
<b>Total expenses</b>		<b>226843.06</b>

**INCOME****1. Registrations**

* ESVD members early registration	183 x 300	54900
* ESVD members late registration	52 x 400	20800
* GEDAC members early registration	32x350	11200
* GEDAC members late registration	10x450	4500
* Non members early registration	57x400	22800
* Non members late registration	52x500	26000
* Registration still due (unpaid)	4x400	-1200
* Accompanying persons early registration	39x60	2340
* Accompanying persons late registration	9x100	900
* Sponsors early registration	5x150	750
* Sponsors late registration	11x250	2750
* Congress dinner	190x60	11400
* Congress dinner sponsor	19x120	2280
* Proceedings sold	11x30	330
	<b>Total</b>	<b>159750</b>

*Comments:*

1. There was a total of 402 paying delegates (sponsors registration were half prices registration offered in the sponsorship *à la carte* packages, 36 guests (23 speakers+13 board members) and 15 residents (free registration); the represented nationalities were:

Australia	2	Italy	44
Austria	5	Japan	2
Belgium	28	Luxembourg	1
Canada	4	Netherlands	12
Czech Republic	1	Norway	5
Denmark	7	Poland	2
Estonia	1	Portugal	5
Finland	3	South Africa	3
France	133	Spain	22
Germany	27	Sweden	36
Greece	2	Switzerland	27
Hungaria	2	United Kingdom	57
Ireland	1	USA	20
Israel	1		

2. The relatively high number of North Americans could be due to the organisation of the ISVD pre-congress day.

3. Despite the fact that the Riviera is a tourist spot, we were surprised by the low small number of accompanying persons; all the social program had to be cancelled. In our opinions, ESVD meetings are not regarded as an opportunity to take vacations with the family.

4. It is exceedingly difficult to plan the congress dinner; booking too many is a financial risk, and here we had to refuse people because a large number subscribed at the very last moment (we had planed extra places in case, but not enough.)

## 2. Sponsorship/Exhibition

2.1 Major sponsors	Novartis	30000
	Pfizer	30000
	Virbac	30000
Main sponsors	Iams	15000
	Intervet	15000
	Merial	15000
	Royal Canin	15000
	Schering Plough	15000
	Vetoquinol	15000
	<b>Subtotal</b>	<b>180000</b>
2.2 Novartis' sponsorship for the Congress Dinner		8540
2.3 Merial sponsorship of proceedings		1500
2.4 Advertisement in the congress bag 500x2		1000
2.5 Exhibition (21 stands+ESVD stand)		56250
	<b>Total (sponsors+exhibition)</b>	<b>247290</b>

### Comments:

1. Schering Plough took care directly of the speakers and board members' dinner; for future meetings, this expense should be planned if not sponsored.

2. The average stand was 9 m<sup>2</sup>, sold for 2500 Euros (VAT excluded); 18 m<sup>2</sup> were included in the major sponsors' package and they could book an extra 18 m<sup>2</sup> half price; 9 m<sup>2</sup> were included in the main sponsors' package, and they could book an extra 9 m<sup>2</sup> half price.

<b>TOTAL INCOME</b>	<b>407040.00</b>
<b>BENEFIT</b>	<b>180196.94</b>

Comment: It should be emphasized that this congress has been financially successful because of the great support of the pharmaceutical companies. We take this opportunity to thank them again very much. Hoping these figures will help future organizers, sincerely yours.

**Zeineb ALHAIDARI and Emmanuel BENSIGNOR**

## Membership List as of 31.12.2002

This directory is taken from the current list of members of the ESVD, and has been revised in May 2003.

If your name does not appear in the list or is incorrect, please contact Trevor Whitbread: [treasurer@esvd.org](mailto:treasurer@esvd.org)

The first number is the phone number, the second number is the fax number.

## European Society of Veterinary Dermatology

---

### APPLICATION FOR FULL MEMBERSHIP

Full membership shall be limited to ESVD Associate Members who devote a significant proportion of their professional activities to research, teaching or the practice of veterinary dermatology. Full members are elected at the E.S.V.D. Annual General Meeting. Applications will be considered by the Executive Committee of the E.S.V.D only if received at least 60 days prior to the Annual General Meeting of the E.S.V.D.

a) Education: (Professional and advanced degrees)

b) Present activities involving dermatology (research, teaching, practice, etc):

c) Percentage of professional activity devoted to dermatology:

d) Please attach two letters of recommendation from two founder or full members of the E.S.V.D. The Executive Committee will not initiate such letters of recommendation. The names of the two sponsors are:

1.....

2.....

e) Please attach a separate sheet with details about

- main lectures given during past two years, with dates and places
- main publications
- institutional affiliations

Please return the completed form and the letters of recommendation to  
Trevor WHITBREAD, 89 Queen Street, Newton Abbot, Devon TQ12 2BG, UK

## **Agenda for the 19th Annual General Meeting**
